

1. Geoethik Konferenz über Klimawandel – Wissenschaft und Geoethik am 8 & 9.9.16 in London

geschrieben von WebAdmin | 29. Juli 2016

Programm

Registration

Anyone wanting to participate is very welcome – there is plenty of space.

Register by informing: Nils-Axel Mörner – morner@pog.nu

No registration fee – but voluntary donations are appreciated.

Accommodation

At your own organization or via advice from our event-co-ordinator:

Extended Abstracts & Commentary Notes

**This Conference Volume will be
posted on ResearchGate well in time
before the event.**

Programme

**(may be somewhat adjusted) Thursday
8 September: Natural drivers of
climate changes**

**08.30 Registration (uploading of
ppt-files)**

08.50 Welcome

**Session 1: Planet Earth in the
cosmos**

09.00 Athem Alsabti: *Effects of*

Nearby Supernovae on Atmosphere and Climate

09.20 **Oliver Manuel: *Neutron Repulsion* ***

09.30 **Discussion**

09.40 **Tea and coffee**

Session 2: Influence of the Sun and the major planets on the Earth's climate

10.00 **Nils-Axel Mörner: *An introduction to planetary-solar-terrestrial interaction***

10.10 **Roger Tattersall & Richard Salvador: *Does solar system orbital motion and resonance synchronize solar variation, LOD and ENSO?***

10.20 **Ned Nikolov & Karl Zeller: *A new planetary temperature model and its implication for the***

Greenhouse theory

10.40 Nicola Scafetta: *Multi-frequency spectral coherence between planetary and global surface temperature oscillations*

11.00 Jan-Erik Solheim: *Ice margins, the Sun and the planets*

11.20 Per Strandberg: *Drivers of ENSO variability*

11.40 Discussion

12:00–13.00: Lunch (at your own)

Session 3: Ocean variability

13.00 Fred Goldberg: *Are the ocean currents affecting our climate?*

13.10 Martin Hovland: *Documented pH and temperature anomalies in the deep ocean* *

13.30 Wyss Yim: *Sub-aerial and submarine volcanic eruptions and climatic variability*

13.50 Discussion

Session 4: Natural influences on climate

15.00 Peter Ward: *Ozone depletion, not greenhouse warming, caused recent warming **

15.20 Hans Jelbring: *The dominant physical processes that cause climate change*

15.40 Alex Pope: *Ice on land*

16.00 Tea and coffee

16.20 Fabio Pistella and Leonello Serva: *The CHIC project of ICG*

16.50 Discussion

17.00 Close

*** Keynote presentations**

Friday 9 September: The temperature plot and its consequences

08.30 mingle and uploading of ppt-files

08.50 Welcome

Session 5: The greenhouse effect and anthropogenic global warming

09.00 Jan-Erik Solheim: *Result of a greenhouse experiment*

09.20 Francois Gervais: *Tiny CO2 warming challenged by Earth greening*

09.40 Fred Goldberg: *Does human CO2 emission change the climate? Faith vs. facts*

10.00 Tea and coffee

10.20 Albrecht Glatzle:
*Reconsidering livestock's role in
climate change **

10.40 Pamela Klein: *Is climate
science serious?*

11.00 Benoît Rittaud:
Epistemology of Climate Change

11.20 Piers Corbyn: *The total
failure of the ManMade Climate
Change story*

11.40 Discussion

12:00–13.00 Lunch (at your own)

13.00 Thomas Wismüller: *Sea-
level rise and CO2*

13.20 Maria Araujo: *Sea level
data in the Iberian Peninsula*

13.40 Nils-Axel Mörner: *Modelled
vs observed sea-level changes*

14.00 Discussion

**Session 6: Implications of the
catastrophist anthropogenic global
warming hypothesis**

**14.10 Madhav Khandekar: *Climate
change and extreme weather:
projection, perception and reality* ***

**14.30 Philip Foster: *Climate
policy, geoethics and the developing
nations***

**14.50 Christopher Monckton of
Brenchley: *Genocidal climate science*

15.10 Discussion

15.30 Tea and coffee

**15.50 Discussion, conclusions
and communiqué**

17:00 Close

*** Keynote presentations**

Donations

**We have no
funding or extra
support. Still, we
need support for
room-rental,
coffee/tea breaks
twice a day and
other running
expenses.**

**We therefore call
for voluntary
donations.**

**The Secretary
General
(morner@pog.nu)
has an account
prepared for this.**

PayPal to his e-mail works well. Directly at the conference is another easy option (but, please, tell me of your intentions so that I know how to manage our budget).
